Product range

The DDF product range consists of both dry and impregnated washcloth rolls. The washcloth rolls are available in cassette rolls and jumbo rolls of 500 metres. In terms of size, the DDF washcloth product line is one of the top three in Europe. Most DDF washcloth rolls bear the Fogra certificate.

DDF Wet washcloth rolls are used for the following applications: sheetfed printing (conventional, H-UV, LED, HR-UV, UV and hybrid), web printing, coldset and heatset. Our impregnated DDF Wet washcloths are distinguished by:

- Excellent wash performance
- Impregnation is made by a unique impregnation system
- Fast 'Make ready time' due to a powerful wash
- Less waste
- Reduced washing time
- Vacuum packed
- Ready to use system
- No VOCs
- Environmentally friendly in comparison with standard conventional washing agents

Deutsche Druckfarben

Deutsche Druckfarben is a leading specialist in printing inks and varnishes. These quality products are used in both commercial and packaging printing. In addition, Deutsche Druckfarben supplies a wide range of products such as (pre)press chemistry, water based and UV lacquers, printing blankets and washcloth (dry and impregnated). These products are manufactured since 1977 by a group of companies - which Deutsche Druckfarben belongs to – in different modern European factories.

High quality products

Deutsche Druckfarben has its own research and development department with a professional in-house laboratory. In this laboratory we carry out all the tests we need for quality control, optimization and development of our printing inks, water based and UV varnishes and printing chemicals. Deutsche Druckfarben is constantly working on optimization and further development of its products. A combination of many years of experience, constant market analysis and customer feedback combined with high-quality products, is what distinguishes Deutsche Druckfarben from the competition.

Corporate Social Responsibility

The inks and varnishes made by Deutsche Druckfarben meet the most stringent environmental standards. The Deutsche Druckfarben Bio inks are free of mineral oil and cobalt. Corporate Social Responsibility (CSR) is of high importance for Deutsche Druckfarben. This applies not only to our commercial activities (Profit). We also look at the impact of our products on the environment (Earth) and pay attention to human aspects in- and outside our company (People).
